

Managing Director – Renewable Energy

Edinburgh

This is an opportunity for an individual with excellent technical and managerial skills to assume responsibility for the development of a renewables energy businesses.

As Managing Director, your role will be to drive the development of this business forward. You will be responsible for developing the group's ongoing strategy, business development, P&L, recruitment and staff related issues. Whilst supported by a substantial Board, the position involves a high degree of autonomy.

As the successful candidate, you will come from an engineering background and have 10 years experience within the energy sector in a strong B2B sales role.

Excellent people and commercial management skills are also essential. The ability to close a deal is imperative and experience of energy supply companies and contracts would be desirable.

To apply, or to arrange an initial conversation about the role please contact Judy Wagner via apply@fwbltd.com or call her on 0131 539 7087
