

FINANCIAL CONTROLLER

Based near Edinburgh

£70-80k + benefits

Our client is an established yet fast growing commercial business – and one of Scotland’s best known and loved brands. Turnover is well in excess of £100m, employees 3000 and this will continue to develop at considerable pace.

The Financial Controller will lead a team of around 25, will report to the FD and work closely with the Management Board. The key thrust of the job is to provide a strong financial control culture across the business and to ensure that the function is scalable for growth; the production and review of monthly management accounts for Group companies including P&L, balance sheet and cash flow; treasury management and statutory reporting.

There will also be responsibility for a number of Commercial Accountants across the business who act as Business Partners to the key functions.

A combination of good leadership skills, technical competence and commercial acumen is therefore required. It is quite a journey this business is on and therefore an exciting opportunity for the right person.

To apply please send your full CV including details of current remuneration to Willie Finlayson at apply@fwbltd.com or call 0131 539 7087.
